

## Aluminum Aerosol Cans

With an annual production capacity of 750 million cans, Evergreen Resources is a global supplier of 1-piece aluminum aerosol cans. We run production across 5 ISO and DOT-certified sites in Asia, the Middle East, and South America, ensuring the highest standards of quality and safety.

### Key Benefits

Aluminum aerosol cans are a sustainable and convenient choice for packaging food, personal care, and chemicals products. Aluminum is inherently resistant to corrosion and rust, ensuring superior protection and product integrity even in the most challenging environments.

#### Infinitely Recyclable

Aluminum cans can be 100% recycled repeatedly without losing quality

#### Corrosion Resistant

Aluminum naturally resists corrosion, preserving the stability of formulations

#### Lightweight

Aluminum cans are notably lightweight for easy handling and storage

## Shoulder Shapes

Aluminum monobloc cans are available in various shoulder shapes, including Round, Bullet, Rim, Flat, Mushroom, and Specialty shapes. As the most common shape, round cans offer versatility and a classic appeal and are available in all diameters.

## Specifications

Our portfolio features a wide range of can diameters, from 22mm to 66mm. Can heights are adjustable to create many available sizes, providing you the flexibility to select the ideal can size for various product volumes, formulations, and retailer specifications.

Lining options include Epoxy Phenolic, PAM, NBPA Epoxy, BPANI, and Golden Epoxy.

Diameter (mm)	Height (mm)	Volume (ml)	Volume (oz)	Pressure
22	58 - 100	20 - 34	0.67 - 1.14	2N, 2P, 2Q
25	65 - 100	31 - 44	1.05 - 1.49	2N, 2P, 2Q
28	65 - 153	29 - 82	0.98 - 2.77	2N, 2P, 2Q
35	53 - 160	50 - 135	1.69 - 4.56	2N, 2P, 2Q
38	75 - 170	75 - 168	2.53 - 5.68	2N, 2P, 2Q
40	90 - 190	75 - 204	2.54 - 6.90	2N, 2P, 2Q
45	100 - 210	100 - 249	3.38 - 8.42	2N, 2P, 2Q
50	100 - 225	100 - 398	3.38 - 13.46	2N, 2P, 2Q
53	100 - 235	125 - 477	4.23 - 16.13	2N, 2P, 2Q
59	120 - 235	225 - 528	7.61 - 17.85	2N, 2P, 2Q
66	120 - 240	250 - 713	8.45 - 24.11	2N, 2P, 2Q

## Advanced Printing

Evergreen offers advanced offset printing with up to 9 colors, providing extensive design flexibility. Our online printing detection system automatically identifies and rejects cans with printing defects, ensuring consistent quality. We utilize CMYK plus spot color printing, allowing for multiple plate combinations to accurately reproduce your original artwork design.
