

## ONE MATERIAL ONE VISION

GREEN DESIGN

### Material

# 50%

less plastic used enabled by eco low-profile cap design

### Transportation

# 25%

more efficient packout for reduced logistics impact

### Recyclability

# 100%

mono-polymer ensuring fully recyclability of tube & cap

### SPECIFICATIONS

#### MATERIAL

Mono-material PP or PE

#### DIAMETER

35mm, 50mm

#### VOLUME

35mm diameter: 30ml – 100ml  
50mm diameter: 100ml – 250ml

#### DECO

Up to 7 color printing, 360-degree printing, invisible side seam, compostable ink

#### Flexibility & Scale

Our network of qualified facilities offer the highest levels of customization and scalability

#### Quality Assurance

Zero defects achieved via rigorous facility audits, online inspection, and offline testing

#### Responsive Support

Global teams allow for <24 hr response time and 30-45 day production lead time

#### Reliable Shipping

Over 99% on-time delivery and no payment until delivery; safety stock program available
